SUBJECT: FY 1969 IDEALIST Budget Forecast

1. The time for submission of a detailed revised FY 69 budget to the NRO is in the offing.

2. The advent of the U-2R being comingled with the U-2C's presents an increased budgetary requirement over the six or seven aircraft assigned during FY 67 and 68.

3. It can be envisioned that there may be changing or varied maintenance concepts, operational use of the U-2R or deployment probabilities and a question of continued flight tests might arise. These subjects must be clarified in detail prior to requesting inputs from contractors.

4. It is planned to request contractor budget forecast in the immediate future and the message requesting these forecasts will include a detailed operational, maintenance or test concept.

5. Request D/M submit to BPD a concept of maintenance for the IDEALIST program to include number's of maintenance crews, number's of persons per crew, supply and support personnel required, etc. so that Lockheed and allied contractors can be requested to submit budgetary estimates.
